

## FEELFIT METABOLISM SUPPORT

Support your metabolism. This dietary supplement enhances the benefits of a healthy diet by supporting thermogenesis\* (the body's production of calorie-burning energy) with antioxidant-rich Green Tea Extract, helping support metabolism<sup>o</sup>. Formulated with Green Coffee Bean Extract, which has been studied for its weight management benefits, it also features Chromium, which contributes to normal macronutrient metabolism<sup>o</sup>. For extra antioxidant protection against free-radical damage, this dietary supplement contains Epigallocatechin Gallate (EGCG) from Green Tea Extract and Quercetin as well. No artificial colors, flavors or sweeteners; no high-fructose corn syrup, dairy, or soy. Formulated without gluten. **Previously known as Arbonne Evolution<sup>o</sup> Metabolism Support.**

30 servings, #2618

### FEATURES

- Helps support metabolism and thermogenesis\*<sup>o</sup>
- Contains a natural blend of targeted botanicals to support weight management<sup>o</sup>
- Easy-to-use supplement fits effortlessly into any busy lifestyle
- Formulated without harmful ingredients found in many over-the-counter weight management supplements

### THE ARBONNE DIFFERENCE

Plant-powered, nutrient-rich products developed in partnership with experts and validated by science to support a holistic approach to healthy living. MIND. BODY. SKIN.™

### HOW TO USE

Take 1 tablet twice daily with meals. Do not exceed the recommended daily intake of 2 tablets per day.

### KEY INGREDIENTS & BENEFITS

- Green Coffee Bean Extract has been studied to help weight management<sup>o</sup>
- Green Tea Extract supports thermogenesis\*, aiding in weight management, and contains the powerful antioxidant Epigallocatechin Gallate (EGCG), which helps protect cells from free radicals<sup>o</sup>
- Chromium helps support blood glucose levels already in the normal range<sup>o</sup>
- Quercetin provides antioxidant protection against free radical damage<sup>o</sup>

\*Increasing thermogenesis may aid in weight management, although this has not definitively been shown.
